

THE OLIVE GROVE

- 2392 FT² FINISHED FLOOR AREA
- THREE BEDROOMS + FAMILY ROOM
- OPTIONAL BASEMENT

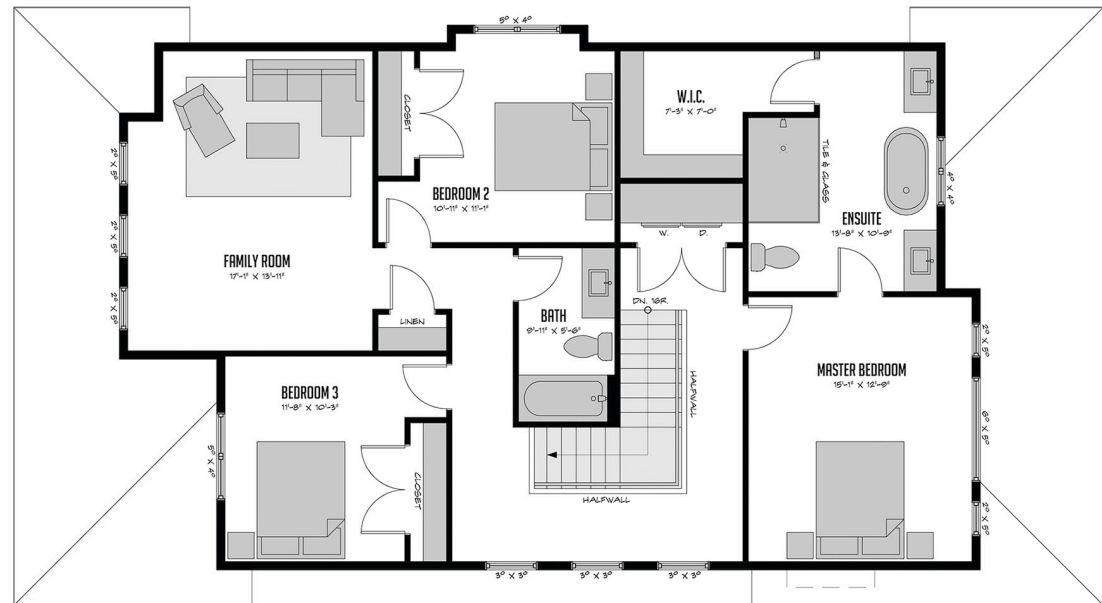

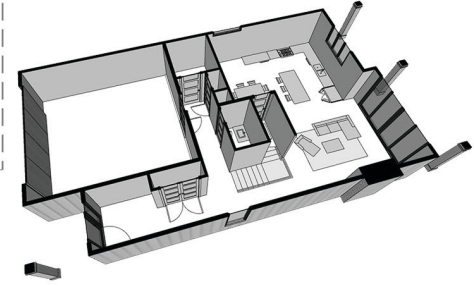

This wonderful compact, affordable design was inspired by our recent trip to Italy where simpler spaces amongst sprawling Olive Groves abound. Welcome to our new design where you will have enough space for the family while not sacrificing the little luxuries. The cozy exterior radiates into the interior, not only allowing for a growing family but a space for everyone. Efficient heating and cooling and a Energy Star rating will be sure to appeal to your practical side, while providing a home in an area that walking and biking will be the first option.

Align West Homes is an Award Winning Builder based in Kelowna, BC.
